

SCI Assessed

Sub-Surface Technologies

Helical Piling System

Technical Assessment

The SCI have carried out a comprehensive assessment of the technical literature relating to the Chance Helical Piling System which is distributed by Sub-Surface Technologies Ltd. As a result of the assessment the Chance Technical Design Manual for helical piling has been granted the “SCI Assessed” status.

SCI Assessed report RT 1324 (February 2010) presents a summary of the assessment and its conclusions. The assessment includes the design, installation and testing of the piling system.

Product ID: 1004
End Date: 27 February 2011
